ABOUT US

Founded in 1993, QH Lighting is headquartered in Guangzhou, and has multiple subsidiaries in Foshan, including a production center, an Injection molding factory, and an industry park under building.

Exporting 15 million pcs LED bulbs and panels to more than 50 countries monthly, QH lighting is a top 10 LED bulb manufactory in China. After 30 years of development, QH Lighting has accumulated strong R&D innovation capabilities, global service capabilities, and leading manufacturing capabilities.

QH Lighting takes "Bring the most valuable products to customers" as its corporate mission, and " becoming a world-class lighting enterprise " as its development vision.

Top 10 LED Bulb Manufacturer
15,000,000 Pcs Monthly

Top Supply Chain

Why QH Lighting LED Bulb has Top Quality?

High Lumen LED Chips:
150lm/W LED chips is used,
Which makes the LED Bulb has initially 110lm/W, Stably 95lm/W.

Anti-High Temperature LED Chips:
PCT LED Chips Fixture is used,
Which support the LED Chips to work well under 130°C.

85-300V designed LED Driver with IC,
Which ensure QH Lighting LED Bulb can work well under all
electricity grid in the world.

130°C 8000H 450V(or 250V) Electrolytic Capacitor is used to
ensure the LED Driver works more than 10000 hours under 130°C.
